ROI

- Ease of use
- Focus on productivity
- Customizable
- Stable and reliable

We know the business
and we know technology

ROI is something we like to talk about because that is what you get when you invest in Agrotell Software. Think of it as a reliable workhorse. Its always there and able to adapt to your production needs.

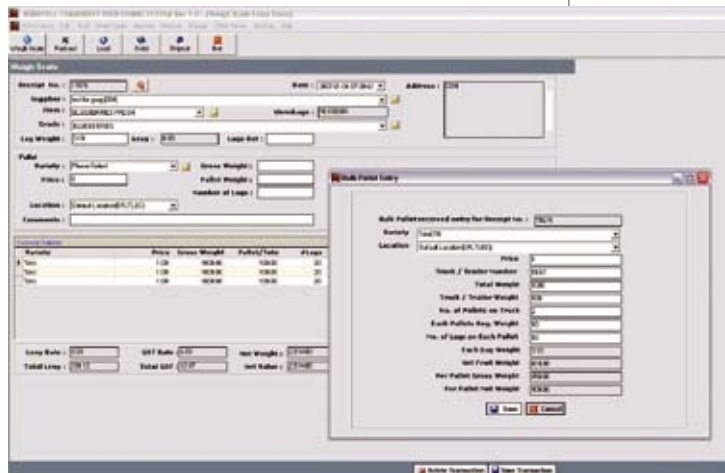

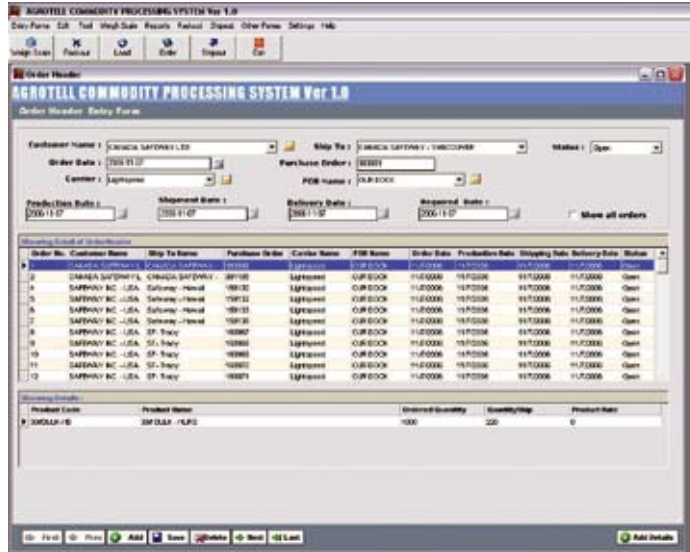

As your Agribusiness evolves Agrotell evolves with you. Agrotell provides all the key components including Lot Tracking, EDI, Transportation management, Advanced Payroll and Accounting integration just to name a few.

Business software can be complex. We like to talk about the simple things that will build up productivity. Simple things like a production schedule linked directly to your sales orders, paperwork that shows up just when you need it, labels in the right place at the right time and tracking information at your fingertips.

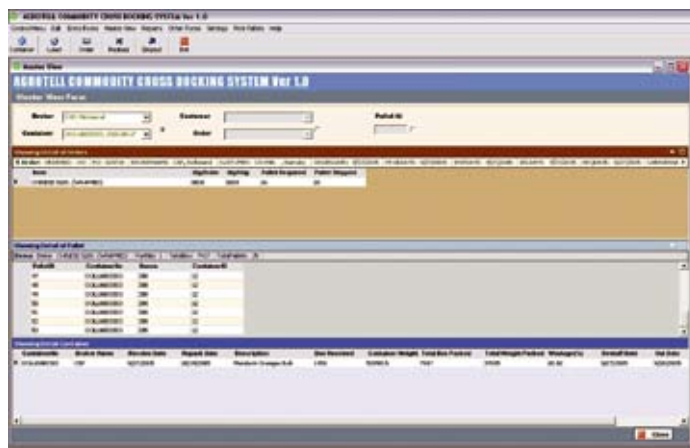

Agrotell Software works for you!

Real time order entry with seamless EDI helps you keep those orders rolling

Track Shipment from fields to store

Advanced Weigh - Scale with integrated Payables. Helps you to get the product in faster.

About Agrotell

Agrotell is a software solution provider based in Vancouver Canada. We work extensively within the food processing industry. We are committed to providing solutions that help our clients focus on the job at hand and maximize productivity.

Our 'hands on approach' takes us directly to the field on a regular basis so that we may tune in to what our customers want.

Our Productivity Solutions are enabled to meet the logistical and technical needs in your ever changing environment. Our goal is to help our customers succeed in a complex business environment.

Call us today to get started.
